

National Certification Board for Therapeutic Massage & Bodywork School Compliance: Denials, Suspensions and Revocations

Last Effective Date: 5/1/2012

Denied School Code: School does not meet NCBTMB requirements. Schools may reapply six months from their denial date.

Suspension: A temporary action which prevents a school's graduates from being made eligible for National Certification. Suspension is based on several factors including gravity and credibility of allegations and risk that a school poses to NCBTMB's educational or operational requirements. Based on subsequent review of the school and related findings, a school code may be revoked, reinstated or withdrawn.

Revocation: A final decision taken after a full review by NCBTMB which prevents a school's graduates from being made eligible for National Certification. Revocation is based on evidence compiled during an investigation that a school does not meet NCBTMB's operational or educational requirements.
